SCHOOL CANTEEN CHARTER

The Nutrition in Schools’ Policy - NSW Healthy School Canteen Strategy requires all NSW government schools to provide a healthy, nutritious canteen menu in line with the Australian Dietary Guidelines for Children and Adolescents.

The health and wellbeing of students is relevant to their learning and is important to our school.

The present and future health of students can be enhanced by quality learning and positive experiences at school.

Chatham Public School canteen practices reinforce healthy eating and good nutrition. This directly supports the mandatory implementation of the Personal Development, Health and Physical Education (PDHPE) Syllabus for Years Kindergarten to Year 6 where the teaching of nutrition is part of a Key Learning Area.

The provision of food and drink to students is consistent with the Nutrition in Schools’ Policy - NSW Healthy School Canteen Strategy as deemed mandatory by the NSW Department of Education and Training.

The provision of food addresses the requirements of the Anaphylaxis Guidelines for Schools where student exposure to nut products is minimised.

The Canteen Manager and P&C will notify the NSW Food Authority of their food activity details.

The school canteen provides a safe and hygienic food service and complies with National Food Law, Food Safety Standards (2002), Food Act 2003 (NSW) and Food Regulation 2010 (NSW).

The canteen will operate in a manner respectful of students, teachers and parents.

The climate of the canteen is positive, supportive, welcoming and encouraging. Gossip, innuendo and rumours are considered a breach of the school’s Code of Conduct and are not to be engaged in at any time.

The welfare of the school; our students, staff, parents and friends is paramount at all times.

The canteen is a resource for the school in ‘healthy eating’.

- Green foods: dominate the menu
- Amber foods: selected carefully and are offered only on certain days.
- Red foods: are very occasional and are sold on rare occasions. Red drinks are banned.

Canteen Profits support the P&C fundraising initiatives for school resources.

Quality equipment and facilities are built up to improve the viability of the canteen

Additives banned in Australia, Canada, the US, EEC are not to be included in products provided.
Code of Conduct for Volunteers/Parent Helpers

In order to promote volunteerism in our school, it is essential for all volunteers to adhere to a professional code of conduct. We ask that volunteers subscribe to the following:

**Attitude**

Come to school with a positive attitude, one that will say to the children you are working with “You are so special, I’m glad I have an opportunity to work with you”.

**Dependability**

Be reliable. If you have committed to being involved, it is very frustrating to teachers and children if planned activities have to be cancelled due to non-attendance of support.

**Communication**

Your volunteer work should be a learning activity for you. When you have questions about policy and procedures, ask an appropriate person – the teacher or a member of the school’s administration.

**Confidentiality**

Working in classrooms, you will know the children who are succeeding and the children who are struggling. You may find out personal details about children and their families. Remember that any information pertaining to a child or their family must remain in the classroom.

**Support**

As a school volunteer, you are in a perfect position to support the entire school community both inside and outside of the school. Be positive in your comments about the school and bring issues of concern to the Administration, as the reputation of a school is a fragile and delicate beast.

As a school volunteer, adhering to the Code of Conduct, you will become part of the school team whose goal is to provide opportunities for all children to learn. Be aware that failure to adhere to the Code of Conduct can result in you not being invited into classes/canteen etc.

I agree to abide by the Chatham Public School P&C Code of Conduct.
